Aqua Fit- Using the resistance of water along with various pool equipment this workout will increase cardio capacity and help to build strength all while keeping your joints safe and healthy.
Aqua Hiit- Intervals of high and low intensity using the resistance of the water help to build stamina and increase cardio capacity in a safe low impact workout
Aqua Strength- Pool weights, noodles and kickboards are used as resistance tools to build strength and improve muscle tone
Aqua Yoga- Gentle yoga stretches and range of motion movements help to increase joint flexibility and release muscle tension
Aqua Zumba- Dance your way to a healthier you. Zumba in the water is excellent for increasing agility and cardio capacity while being easy on the joints
Pool Party- social time in a fun environment where you can talk and make friends. Play fun games including volleyball with your host, enjoy a beverage afterwards.
Dance Club- Low to Moderate impact, Varied intensity. Aerobic dance class using popular music to motivate you to be active and keep moving.
Zumba- A fun dance workout where you can learn routines with exciting music while increasing your cardio capacity and agility
Zumba Gold- A lower impact, joint friendly dance workout where routines are perfected to some of your favorite songs
Cardio Drum- Choreographed rhythmic drumming with a bit of dancing and fitness infused to make it as fun as it is effective
HeartStrong- Dance, move and lift your way to better health. A perfect mix of strength and cardio combine to give you a great workout, low impact moderate intensity
PWR- Parkinson's Wellness Recovery- exercise integrating sports fitness and more traditional gym activities such as strength, agility, balance, coordination and flexibility, designed with Parkinson's in mind
Everyday Balance- work on improving your balance, posture and core strength in a variety of strengthening and lengthening exercises
Seated Strength- modified strength training made for beginning exercisers and those needing extra support
Ballet Barre- sculpt your body using traditional ballet movements and perfect posture while listening to classical music
Fitness Barre- a hybrid workout class combining ballet inspired moves with elements of Pilates, dance, yoga and strength training, lower weights, higher repetitions
Strength 101- beginner friendly and suited for the regular exerciser, this class is designed to build strength by using various resistance tools including dumbbells, bands, balls and even your own body
Strength- traditional strength exercises such as squats, presses, curls combine to create a total body muscle building workout using various resistance tools including dumbbells, bands, balls and even your own body
Strong Nation- Body weight, muscle conditioning, cardio and plyometrics set to music create this high intensity workout
Kettlebells- Low impact high intensity strength training using a kettlebell as your resistance tool
Boxing 101- This class will introduce new boxers to basic techniques including proper stance, safe execution of punches, kicks and simple combinations
Boxing Fit- Building on the basics, this class continues to work on boxing technique while delivering a higher intensity workout
Cardio Boxing- Choreographed boxing, high intensity interval training and core work make this class a fun and challenging experience
Rock Steady Boxing- Evidence based wellness program for individuals with Parkinson's Disease or other neurological conditions, this class is done with a boxing theme, incorporating weightlifting and stretching
Yoga- enhance your mind body connection while increasing flexibility, strength and balance through stretching and deep breathing techniques
Urban Yoga- Experience a unique connection between mind, body and spirit using simple breathing techniques as well as focused strengthening and lengthening of muscles
Hatha Yoga- Focus on breath and awareness of body, movement through a series of standing and seated floor poses at a gentle pace improving balance, strength, and flexibility
Chair Assisted Yoga- traditional yoga postures modified and practiced while seated in a chair, learn deep breathing techniques while increasing your strength and flexibility
Yoga for MS- classic yoga poses adapted for real people, the wall, blocks, a chair, or straps may be used to develop breath, balance, strength, flexibility and agility
Tai Chi- gentle flowing movements that are amazing for balance, strength and endurance
Cycle- an energetic knee friendly cardio workout on the stationary cycles, upbeat music gets your heartrate soaring, choose between an upright or recumbent bike to suit your body
Cycle Hiit- A cardio workout using the stationary bikes for fun challenging drills such as timed speed bouts, hill climbs and intervals
