May 2026 Special Event

Updated 4/30/2026

Join us in Celebrating America's 250th Birthday!

125 LIVE is excited to launch a special community art project, a vibrant 8' x 8' "Community Love" mural made up of 350 individual tiles. Each tile represents a unique voice and vision, coming together to form a powerful symbol of unity, creativity, and pride. You are invited to be part of this one-of-a-kind project by designing your own tile! During this experience, you will create your artwork on a tile that will become part of the mural, and also make a duplicate of your design on cardstock to take home as a keepsake.

Instructor-led sessions will be held throughout May and June, making it easy and fun for participants and of all ages, and of all skill levels to contribute. **Each tile is available for just \$30, with proceeds supporting this special fundraiser to bring the mural to life.**

Leave your legacy by creating a tile in honor or memory of a loved one, or as a tribute for future generations to enjoy. Your contribution will become part of a lasting community masterpiece for years to come. Whether you're an artist, a beginner, or simply someone who loves being part of something bigger, this is your chance to make your mark.

Spots are limited, so we encourage you to sign up early and secure your place in this historic celebration.

The mural will be unveiled on July 1 at the 125 LIVE annual 4th of July Celebration, 11:30am-1pm. Registration is required to attend the unveiling. More details to follow soon.

Don't wait- sign up now to help create this inspiring, community project.
